**Strengthening  
families +  
protecting  
children.**

Services from the  
Kinder- und Jugendhilfe  
welfare service.

## Our activities and services

- Advice and support with family problems.
- Being there for families through times of stress and crisis.
- Protecting and helping children experiencing neglect or violence.
- Legal information.

If these kinds of issues or similar exist, the staff at the Kinder- und Jugendhilfe welfare service are here to help!

**Happy parents –  
happy children!**

**Our goal is to find good solutions  
together with you.**

### Issues that we can provide you with support and advice for:

- Determining a child's paternity.
- You want to settle maintenance for your child.
- Your child needs maintenance benefits.
- You have indications that a child in your neighbourhood is being neglected or needs protection from violence and would like a review by the Kinder- und Jugendhilfe welfare service.
- You're looking for support with parenting issues or guidance in coping with family stresses and crises.
- You want to help your child cope better with the separation/divorce of his/her parents.
- You have difficulties finding a suitable childcare place for your child.
- You want to take a foster child into your family.
- You are considering giving your child up for adoption or adopting a child.
